

Consultation Paused on Updated Wetland Mapping

Please be advised that the RVCA, SNC and RRCA are pausing consultation on updated wetland mapping. We appreciate the feedback and comments we have received to-date and support direction we received from the Ministry of Natural Resources giving us time to work on a local approach.

Over the coming months, the conservation authorities will work with ministry staff, municipalities and stakeholders to develop this local approach. Please note that this means that open houses and one-on-one meetings with property owners will be paused and rescheduled at a later date.
